

# Apple Turnover Quilt Pattern

Created by: Cifaldi-Morrill of Whole Circle Studio

It's autumn here in New England—time for sweatshirts, pumpkins, and apple picking! To celebrate, I'm releasing my latest pattern, *Apple Turnover*!

*Apple Turnover* pairs perfectly with prints, blender or solid fabric. This pattern is Fat Eighth (Mini and Wall sizes) and Fat Quarter (Runner and Throw sizes) friendly. Grab your favorite fat quarter bundle for the apples and leaves or use what you have in your stash and make it scrappy!

Included in this easy foundation paper piecing pattern are:

- instructions for four sizes: Mini, Runner, Wall, and Throw.
- coloring sheets to help you plan your project
- detailed, tested instructions and diagrams
