

# Assembling Instructions

# Cutting list

- Twenty  $2\frac{1}{2}$ " squares in different colors.
- Thirty one  $2\frac{1}{2}$ " x  $12\frac{1}{2}$ " rectangles in white.

*Remember to sew  
everything using your  $\frac{1}{4}$ "  
foot*

# Squares ROWS

To construct the **five** square rows you have to sew four color squares with three rectangles alternated, so you will start and finish the row with a square.

*You can follow the original picture design to organize your colors and blocks*

# Block rows

To construct the **four** block rows you have to sew four color rectangles with three blocks alternated, so you will start and finish the row with a rectangle.

*You can follow the original picture design to organize your colors and blocks*

# Square row & block row examples

# Final assembling

Sew every row using pins to match your seams, you have to sew the five squares rows and the four block rows alternated, starting and finishing with a square row. Press seams open. Baste and quilt as you desired.

*You can follow the original picture design to organize your colors and blocks*

Thank you so much for following  
this project, We hope you have  
enjoyed as much as we did!!!  
Remember to share your final  
rainbow quilt, so we can share  
your beautiful creation!
